Urbandale, Iowa
Permit Number 02615

I. GENERAL CONDITIONS

This permit is issued under the authority of and in accordance with Polk County Board of Health Rules and Regulations Chapter V.

A. Duty to Comply

The permittee must comply with all conditions of the permit. Any permit noncompliance constitutes a violation and is grounds for enforcement action; for a permit termination, revocation and reissuance, or modification; or for denial of a permit renewal application.

Issuance of this permit does not relieve the owner of the responsibility to comply fully with all applicable provisions of the state implementation plan and with provisions of applicable local, state and federal laws, ordinances, regulations, or other legal requirements applying to the operation of the facility.

Any compliance schedule shall be supplemental to, and shall not sanction noncompliance with, the applicable requirements on which it is based.

Wherever requirements of applicable law apply different standards or limitations to a source for the same item, the more stringent of the two in the permit shall apply to the permittee.

All terms and conditions in the permit, including provisions to limit a source's potential to emit, are enforceable.

It shall not be a defense for a permittee, in an enforcement action, that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit.

B. Property Rights

The permit does not convey any property rights of any sort, or any exclusive privilege.

C. Transferability

This permit is not transferable from one source to another. If title to the facility or any part of it is transferred, an amendment to the permit must be sought to determine transferability of the permit.

D. Duty to Provide Information

The permittee shall furnish to the department within a reasonable time, any information that the department may request in writing to determine whether cause exists for modifying, revoking and reissuing, or terminating the permit or to determine compliance with the permit. Upon request, the permittee also shall furnish to the health officer copies of records required to be kept by the permit, or for information claimed to be confidential, the permittee shall furnish such records along with a claim of confidentiality.
